Old Business discussed/actioned:

- S. Main Street grant update – TDA CDBG CDV21-0388 – Construction is currently at a stand still. The engineer nor the contractor properly inspected the site during the planning phase. The oversight came to a head when the contractor was installing new driveway culverts and “discovered” that there was a concrete type of base in the road that he felt he could not remove. Currently, the engineer is outsourcing to a firm to determine the exact substance and then submitting their findings and new plan to the City and the contractor. The deadline for completion has been extended to August 31, 2024.
- ARP – American Rescue Plan Funds – remaining funds of \$56,514.01 must be obligated to a project by 12/31/24 – and projects completed and funded by 12/31/2026. Bids are being taken to close off City shop back door/wall and modify front door to a roll up bay door (13’1” wide by 10’8” tall)
- Old City Hall – structural repairs completed. Next items include interior paint and flooring.

Motion was made by Josh Daigle and seconded by Terrie Shelby to approve the regular monthly bills as well as those listed below. Motion carried 5-0

- Monsoon Seamless Gutters - \$1,295.00 - Old City Hall
- TML IRP - \$1,342.00 – additional workman’s comp. due to underestimated payroll

After review Motion was made by Terrie Shelby and seconded by Josh Daigle to approve the minutes. Motion carried 4-0

The council entered EXECUTIVE SESSION at 7:58 PM to discuss the status of the Public Utilities Superintendent’s pending Class C wastewater treatment operator license. An update was provided. The council exited the session at 8:07PM. No action was taken.

Motion was made by Faye Marshall and seconded by Lori Melton to adjourn. Motion carried 5-0
